

TULSA REENTRY ONE-STOP

The Tulsa Reentry One-Stop is an employment and training program that reintegrates men and women returning from prison into the Tulsa community. Employment Specialists team with employers to fill employment needs with suitable applicants. Our Employment Specialists work on behalf of the employer to complete tax credit and bonding requirements. A comprehensive team of Employment Specialists from Goodwill Industries of Tulsa, Case Managers and Peer Support Specialists from Counseling and Recovery Services, and Mentors from Community Service Council support the participants through the entire process. This participant and employer support continues for a full year after placement.

Lou Ann Amstutz, Chief Executive Officer and Vice President of Operations for Alpha Machining and Manufacturing, encourages other employers to pause before they throw out an application solely because of a criminal past. “The majority of them are so thankful to have a job that they’re willing to go the extra mile because they’re so appreciative that you’ve taken an interest in them, period.”
